BENNETUS ESSENCE OF GINGERS. (OF EXTRA STRENGTH). PREPARED from the pure African Ginger, and warranted to be astronger preparation of the klud than any other in use.

Ginger is acknowledged to be one of the heatstimulantive, Stomachic and Tonle; heree its given the indigestion, Platulence, Acidity of the Stomach, thoters, Cholera Morhus, Dianbasa, &c. It effects the cuman system very gratefully, miparting a pleasant and healthful sensation to the stomach and internations.—

It is always simple and efficacious in its operation, relieving sudden.

fects or consequences; which caunot be said of almodiciues.

At this season of the year, when attacks of the Dlari
hea and Bowel Complaint are so prevalent, this articue
can hardly be too much used. It prevents as well as
cures diseases of this kind.

To the velers and those exposed to changes of climate
and water, this reme by is especially recommended. It
counteracts to a great extent the injurious effects of bad
water, as well as undue exposure to heat and dampness.

A few doses of this medicine will prevent attacks of dis
oase, avert lingering liness and perhapsideath.

Auch difference exists in the quality of the north what
defrom different parts of the world, some samples con
taining comparatively but little strength. The Atmoss
Ginger islound to possess greaters trength than eny oth
er variety. This is the article used in this preparation.

Put up in 4 oz. hottles. Price 25 cents.

only be known and remedied by long experience and great practicalskill. Platform balances, which to an inexperienced observer, appear to be exact imitations of our bales, as often lound when tested to be very inaccurate.

A great variety of PLATFORM BALANCES are now offered for sale, and many are used, which cannot be relied upon for correct weight. In many instances they will not agree with themselves. Merchants who bave used then for months, supposing them correct, have forluitously discovered that a heavy load, when divided and weighed in small drafts, would vary essentially, in the aggregate, from what was indicated by the same scale when weighed at once. Frequently the same platform will give different weights upou every change of tha position of the body weighed. The consequences of these variations are often vexatioua, and always involve one party in pecuniary loss.
